EXECUTIVE AIRPORT

AIRPORT COMMISSION

ANNUAL REPORT
FISCAL YEAR 2013

Airports are about commerce, not just airplanes...

Letter from the Commission Chair & Airport Manager

On behalf of the Airport Commission and Airport staff, we are pleased to provide you with the Fiscal Year 2013 Annual Report for the Leesburg Executive Airport. Located just 35 miles from Washington DC, and right off the Dulles Greenway, the airport serves as a convenient gateway for business and travel opportunities in the region while furnishing an important tool for economic development in the Town of Leesburg and the County of Loudoun.

We are proud to operate the airport under the theme that "Airports are not just about airplanes... they are about commerce". Our mission is to provide modern aviation facilities and safe operations in a fiscally responsible manner while providing a variety of services such as corporate travel, charter operations, flight training, recreation flying and emergency medical air support.

We hope that you will find this report to be informative, and we encourage you to visit the airport either during our annual air show in the fall or at any other time of the year.

Sincerely,

Dennis Boykin IV

Scott Coffman

Key Accomplishments in Fiscal Year 2013

- Completed acquisition of 40 acres for future aviation development.
- Opened two new helipads and rehabilitated the north hangar access road.
- Remodeled the passenger terminal restrooms.
- Held the annual Leesburg Air Show in September attracting over 7,000 attendees.
- Hosted an AOPA Pilot Town Hall meeting and numerous FAA Safety Team meetings.
- Updated all runway and taxiway markings.
- Accommodated 3 Presidential and Vice Presidential visits.
- Was awarded a Virginia Department of Aviation grant to fund the design of a perimeter security fence.

Commission Priorities in Fiscal Year 2014:

- Providing Quality Services to our customers—improving customer conveniences, airport operations, and airspace planning.
- Improving Airport Infrastructure—perimeter fence installation, hangar additions, and runway safety improvements.
- Supporting Commercial Operations—US Customs inspection facility, planning for west side executive flight department facilities, and flight school integration.
- Increasing Marketing efforts and planning for growth.

Economic Impact

2011 Virginia Airport System Economic Impact Study found Leesburg has:

- 2nd highest number of jobs of all GA airports in Virginia—634 jobs
- 2nd highest estimated payroll impact of \$32 million
- 3rd highest economic impact for local community of \$78 million

Vision and Mission of the Leesburg Executive Airport

- To provide a "Gateway" for business in the Town of Leesburg and Loudoun County while furnishing an essential tool for economic development.
- To provide safe operations, unmatched service and modern aviation facilities in the most fiscally prudent manners.
- To be a regional leader operating as a General Aviation Reliever airport.

Community Support

Emergency Medevac flight support is just one example of the type of community support provided by the Leesburg Executive Airport.

Federal Status

Leesburg is a designated General Aviation Reliever airport for Washington Dulles. As such, Leesburg receives significant federal and state funding support for airport improvements and upgrades.
